Nomura Publishes NOMURA-BPI SDGs

Tokyo, September 27, 2019— Nomura Securities Co., Ltd. (NSC), a wholly owned subsidiary of Nomura Holdings, Inc., and Nomura Research Institute, Ltd. (NRI) today announced that they will publish Nomura-BPI SDGs, a new sub-index to the Nomura Bond Performance Index (NOMURA-BPI¹). The two companies have been conducting joint research to develop the new sub-index since April this year².

NOMURA-BPI SDGs will select green bonds, social bonds, and sustainability bonds (SDG bonds) from a universe of NOMURA-BPI constituents, as well as calculate the index values and risk indicators. NRI will determine eligibility as SDG bonds based on certain internal rules.

The two companies will also provide classification index values and risk indicators such as term to maturity, sector and rating attributions.

The index will be published on the NOMURA-BPI web site on November 12, 2019:
