In Compliance with the Principles for Financial Benchmark
published by the International Organization of Securities Commissions

The International Organization of Securities Commissions (IOSCO) published “Principles for Financial Benchmarks”, report of the IOSCO Board, on July 2013. The report states that “Administrators should publically disclose the extent of their compliance with the Principles”.

The Index Operations Department of Nomura Securities voluntarily verified the extent of compliance of the following Nomura Indexes, and provided information on the verification procedures.
